LibGuide – Education

Education Databases –

Education Journals (ProQuest)

ProQuest Education Journals gives users access to over 790 top educational publications, including more than 615 of the titles in full text.

Offering complete information on hundreds of educational topics, this database offers complete text and images from journals such as:

- *Childhood Education*
- *College Teaching*
- *Harvard Educational Review*
- *Journal of Athletic Training*
- *Educational Theory*

ProQuest Education Journals covers not only the literature on primary, secondary, and higher education but also special education, home schooling, adult education, and hundreds of related topics.

ERIC (at EBSCOhost)

ERIC (at EBSCOhost)**,** Educational Resources Information Center, database covers all aspects of education and educational research. ERIC provides access to education-related resources, including journal and non-journal bibliographic information. Journal articles are assigned ERIC numbers that begin with EJ (e.g., EJ777687). Non-journal documents are assigned ERIC numbers that begin wtih ED (e.g., ED493647). Types of non-journal materials indexed in ERIC include books; conference proceedings and selected presentations; literature reviews and bibliographies; Congressional hearings and reports; reports on federal/state standards, testing, and regulations; research reports; U.S. Department of Education and contractor reports; and working papers from established research and policy organizations. Materials indexed through July 2004 also included lesson plans.

Multidisciplinary Databases –

Academic Search Complete

Academic Search Complete is a multi-disciplinary database, with more than 6,100 full-text periodicals, including more than 5,100 peer-reviewed journals. In addition to full text, this database offers indexing and abstracts for more than 10,100 journals and a total of 10,600

publications including monographs, reports, conference proceedings, etc. The database is updated daily and features PDF content going back as far as 1887, with the majority of full-text titles in native (searchable) PDF format. Searchable cited references are provided for nearly 1,000 journals.

This scholarly collection offers full-text coverage of information in many areas of academic study, including archaeology, area studies, astronomy, biology, chemistry, civil engineering, electrical engineering, ethnic and multicultural studies, food science and technology, general science, geography, geology, law, mathematics, mechanical engineering, music, physics, psychology, religion and theology, women's studies, and other fields.

LexisNexis Academic

LexisNexis Academic contains thousands of publications, virtually all include full text. Many types of publications are included: newspapers (in English, other languages, and translations of international papers), legal news, general interest magazines, medical journals, trade publications, company financial information, transcripts, wire service reports, government publications (such as the federal case law, U.S. Code, Code of Federal Regulations, Congressional Testimony, etc.), law reviews, and reference works (such as the Forbes Annual Directory, the Official Guide/American Marketplace and the US Global Trade Outlook).
